WOOD WIZARDS **KITCHENS**

WHO ARE WE?

WOOD WIZARDS KITCHENS

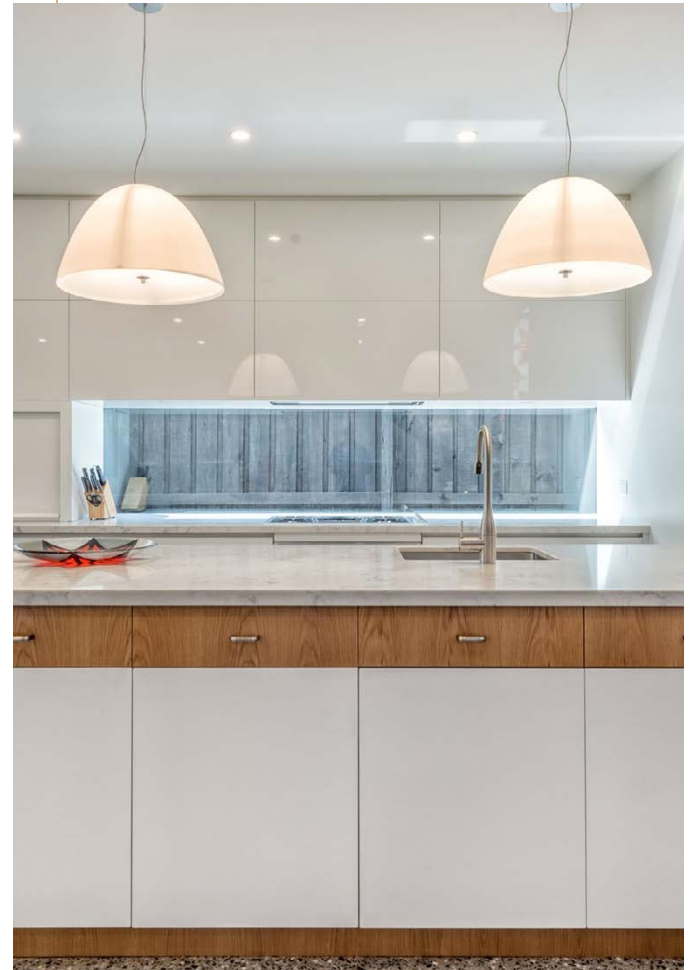

# KITCHENS ARE OUR BREAD & BUTTER

We have been dedicated to producing quality and customisable kitchens for over 30 years. We believe the humble kitchen is the heart and soul of a household, and the design should reflect this. Our team is ignited with passion and excitement each time a new project enters our doors.

Whilst kitchens are our jam, our specialities don't stop there. Wall units, vanities, laundries, wardrobes and home offices are all part of our repertoire.

Regardless of the project, our team love creating the magic to turn your dream into reality. We will guide you through the many different styles, ideas and options to create your dream space. We believe every project is unique. Our designers are committed to working closely with you to create customised and personal designs that reflect your lifestyle.

# MEET OUR WIZARDS

Unsurprisingly, our owner's spirit-animal is probably a kitchen.

Jordan considers kitchen's part of his make-up; from his roots as an apprentice for his parents, to taking over and running the family business with his wife Megan. Jordan is our head designer and has forged a path, and business, that he is truly proud of.

The diligent Wood Wizards team are the heart soul of our business. They're a dedicated, talented, local bunch who will work closely with you from the moment you decide to build your dream kitchen. With a treasure trove of experience designing kitchens and living spaces, they're choc-full of concepts that can be tailored to suit your identity and home.

From your Wood Wizards Showroom tour, to the final reveal of your kitchen or living space, we are available to hear your concerns, and honestly provide experienced solutions.

# CONSULTATION STAGE

## STEP 1

### LET'S TAKE A LOOK!

We start off by visiting your house to get an understanding of your lifestyle. Take us on a tour and show us what your dreams and plans are. Seeing your space and how you live gives us a greater vision of what to create and helps us tailor your bespoke design.

## STEP 2

### COME TO US

You will be invited to visit our showroom to review our proposal and quote. Here, we will go through all your drawings and continue to tailor and tweak your design to suit your needs and requirements.

## STEP 3

### LET'S GO!

Following our showroom meeting we will give you time to review your drawings and proposal. We will wait for your acknowledgment as a go signal to continue the magic on your designs. At this stage, we require a deposit to confirm your acceptance of our terms and conditions.

# PRODUCTION STAGE

## STEP 4

### CHECK TWICE, CUT ONCE

Our Foreman will organise a time to meet with you on site to check measure and ensure the smooth delivery of your project. Plans are then finalised and production can commence.

## STEP 5

### THE PRODUCTION

The real magic begins. Your project is now executed by our Foreman to the cabinet makers and trades. Sit back and watch your space transform into your dreams!

## STEP 6

### THE DELIVERY

The oooohh and aaahhhh stage! All done! Walk into to your new space and admire the transformation.
